

2018 Annual Giving Campaign

Dear Friends of the Foundation,

WE NEED YOUR HELP

The Lake Chelan Community has provided tremendous support to the Lake Chelan Community Hospital & Clinics and the Lake Chelan Health & Wellness Foundation. Together we will see the vision of our new hospital become a reality!

Through the planning of the new facility, LCCHC has identified the need to upgrade our Imaging Services equipment. **LCCHC and LCHWF are teaming up to replace two pieces of imaging equipment in 2019.**

Equipment	Description	Year/Age	Replacement	Cost
C-arm	Provides live visualization to the physician during surgical procedures.	2001	Ziehm SOLO FD	\$154,840
Portable X-ray	Enables bringing the X-ray to the patient versus the patient to the X-ray equipment while using less space.	2004	GE Optima XR240	\$150,212

DOUBLE YOUR IMPACT

LCCHC will provide a dollar for dollar match to all donations received by the LCHWF between now and the end of 2018!

Provide your support today at www.LCHealthWellness.com or contact us to find out more.

Thank you for your continued support!

OUR MISSION

Lake Chelan Health and Wellness Foundation's community-based mission is to promote, develop partnerships, and secure resources for health care services and wellness initiatives across the Lake Chelan Valley.

OUR VISION

Our 10-year vision is that all community members have access to quality healthcare.
