

Lake Chelan Health is making great headway on the new hospital site and Lake Chelan Health & Wellness Foundation continues its commitment to quality healthcare and wellness initiatives in the Lake Chelan Valley by raising funds to support the project.

Lake Chelan Health & Wellness Foundation exists to promote, develop partnerships, and secure resources for these services across the Lake Chelan Valley. The Foundation is incorporated and recognized by the Internal Revenue Service as a 501©(3) non-profit charitable organization.

For this fundraising campaign The Foundation will be matching each donation, dollar-for-dollar, up to \$300,000 for purchase of new equipment! In addition to a financial donation, community members can gift appreciated stock and receive full tax benefits with no penalty. We rely upon the support of our community to give generously during our annual campaign to support the important work involved in making our valley a healthier place. With these donations, the Foundation can continue to be advocates for the best healthcare and wellness initiatives to the valley.

Since 2017, the Foundation has raised over \$2,000,000 to partner with and support Lake Chelan Health to purchase desperately needed new medical equipment. With your valued donation and the Foundation matching funds, our efforts to provide The Hospital with quality equipment can continue.

Donations can be mailed to:
LCHWF
PO Box 1911
Chelan, WA 98816

Thank you for your support and watch the new hospital become a reality by following the Lake Chelan Health website: lakechelanhealth.org.
